Minutes prepared by:	Maria Amoros		

Attendees: Lydia Pape, Peyton Freeman, Jeshua Suarez-Lugo, Riley Durbin & Maria Amoros

Minutes

Discussion:

Some of the team members met to discuss the design and development of the HTML and CSS of the website. The use cases were discussed as well as the way they were going to be implemented in the prototype. The tools to use for developing the prototype were discussed and the advantages and disadvantages of using Balsamiq vs using Bootstrap Studio. Also, the design and colors of such HTML files were discussed

Conclusions:

The prototype was going to be developed by two individuals of the group using Bootstrap studio. Also, each website screen was going to have its HTML and CSS files. The design of the website will use the colors of the TCU & UNTHSC School of Medicine but our logo is going to be created.
